### Tables

Check out our new table display which allows you to dynamically add geographies, topics, or any applicable filters. You can reorder, pin, and hide columns all with simple drag and drop functionality. Tab through different tables to make sure you found the right one, customize it, and then download multiple vintages of it quickly. If you don't see a functionality you need, find a bug, or have a comment, drop us a line at [cedsci.feedback@census.gov](mailto:cedsci.feedback@census.gov).

# How to switch between different tables without losing selected geography? (continued)

The image shows a sequence of three screenshots from the U.S. Census Bureau website, illustrating how to switch between different tables without losing the selected geography.

**Top Screenshot:** The search bar contains "s0801". The results show "1 Result" for "S0801 | COMMUTING CHARACTERISTICS BY SEX". The filters on the left show "2 Filters": "S0801" and "Bozeman city, Montana".

**Middle Screenshot:** The search bar now contains "dp03". The results show "1 Result" for "DP03 | SELECTED ECONOMIC CHARACTERISTICS". The filters on the left remain the same: "2 Filters": "S0801" and "Bozeman city, Montana".

**Bottom Screenshot:** The search bar now contains "dp03". The results show "1 Result" for "DP03 | SELECTED ECONOMIC CHARACTERISTICS". The filters on the left remain the same: "2 Filters": "S0801" and "Bozeman city, Montana".

Red arrows indicate the process: from the search bar in the top screenshot to the search bar in the middle screenshot, and from the search icon in the middle screenshot to the search icon in the bottom screenshot.

**Table S0801 comes up.**

**To find a different table, enter the ID into the single search bar and click on the search icon. For this example, we used DP03.**
